Summer 2025

Tailgate with Vance Thompson Vision Bozeman

We're kicking off game day with some fun! Join the Vance Thompson Vision team for a pre-game tailgate at the **Montana State University (MSU) Bobcats football game** on Friday, September 6!

Location: Just off Kagy Blvd near Bobcat Stadium. Keep an eye out for our crew and signage.

Come enjoy delicious food, refreshing drinks, and great company before we cheer on the Cats together. We can't wait to see you there!

Listen to the Clear Answers About Clear Vision podcast

Welcome to Clear Answers About Clear Vision, the exclusive podcast series by Vance Thompson Vision. Our goal is to empower you with the knowledge and insights to make informed decisions about your eye care. Whether you're exploring options for refractive surgery, cataract surgery, myopia control, or oculoplastics, we're here to guide you. This podcast is dedicated to helping you achieve clear vision, one episode at a time.

Clear Answer About Clear Vision

Making decisions about your vision starts with understanding your options. That's why we created the Clear Vision video playlist on YouTube—a series of short, 2–3 minute videos designed to answer your biggest questions. From what happens during a LASIK evaluation to how cataract surgery can improve your lifestyle, these quick videos are packed with helpful insights from our expert team. Whether you're just starting your journey or preparing for surgery, you'll find clarity and confidence here.

FSA & HSA

Time to Plan Ahead

If you're thinking about vision correction in 2025, now is the time to start planning your Flexible Spending Account (FSA) or Health Savings Account (HSA) contributions.

These tax-advantaged funds can be used toward LASIK and other procedures, so don't miss the chance to invest in yourself and your vision.

Experience Your Lens Options with Virtual Reality

One of the most important parts of cataract surgery is choosing the lens that's right for your lifestyle. But how can you know what each option will feel like? **Enter GreenMan VR**, our leading-edge virtual reality experience. It uses your own eye measurements to simulate life after surgery with each type of lens. You'll be able to "see" your future vision before making a final decision, so you can move forward feeling confident and informed in your choice.

Ask your care team about GreenMan during your visit!

LASIK Patient

Online Scheduling

We know life is busy—and taking care of your eyes shouldn't be complicated. Now, scheduling your LASIK or Cataract Evaluation is as easy as [clicking a button](#). With our online scheduling tool, you can choose a time that works for you, without having to pick up the phone.

It's just one more way we're making the path to better vision smoother and more convenient.
